

WATER 4 LIFE GLOBAL

Creating a healthy and sustainable future, starting with clean water.

ONE RIPPLE KIT
\$50

The greater vision of Water 4 Life Global is nothing less than the availability of clean drinking water that is easily accessible and sustained for many years.

Our clean water initiatives include the distribution of water filter technology, the collaboration on biological water treatment plans and contributions towards the reforestation of Lake Atitlán.

WHAT WE DO

- Water Filtration
- Natural Sanitation
- Education
- Reforestation
- GIS Data Collection
- Job Opportunity

501c3 Organization in California, USA
